

HOME DECOR - Countertops

Because a typical kitchen countertop must withstand a range of abuses from vegetable chopping to plant potting yet remain smooth and sanitary with the wipe of a sponge, different work centers may call for unique surfaces. Consider the alternatives, then tailor each countertop to its specific purposes.

There are several ways to purchase countertops, depending on the material and your budget. Some laminates are available prefabricated in standard sizes; however most countertops are built to specifications. Your countertop will be made at our countertop manufacturing facility by experienced professionals. Pick the style right for you! For kitchen, vanity or bar - in dozens of popular color options.
