Build With Our Experience

As Alaskans we understand the challenges of building in Alaska. A short building season, limited transportation and the weather all play into your construction schedule.

100% Guarantee of Your Satisfaction

Call us anytime if any product does not meet your complete satisfaction. We'll issue a replacement product, a credit or your money back.

HOW TO ORDER

Mail

Simply complete and return the order form on page 3.

Phone: 1.800.844.9313 Mon. - Sat. 8 AM - 5 PM

Fax: 907.261.9206

E-Mail: catalogsales@sbsalaska.com

Website: www.sbsalaska.com

WE ACCEPT:

ORDERING INSTRUCTIONS

Bank Drafts, money orders, and personal checks are the safest method of payment. Spenard Builders Supply cannot be responsible for cash sent through the mail. When using VISA, MasterCard, Discover, American Express or SBS Credit Card, do not send your card. Be sure all information is complete, including expiration date and card number. All members of the same household should order under the same name. Signature of buyer must accompany order. All merchandise must be paid in full prior to shipment unless other arrangements have been made. Credit applications for a Spenard Builders Supply charge account are available upon request.

SHIPPING INSTRUCTIONS

When necessary to package merchandise for proper shipping, crating will be added to your bill. SBS is not liable for items lost in the mail. Claims must be made to the U.S. Post Office.

DAMAGES OR SHORTAGES

Catalog orders are shipped F.O.B. Spenard Builders Supply, Anchorage, Alaska. Should merchandise for freight savings be available, we reserve the right to ship from any of our branch locations near you or our distribution center in Tacoma, Washington. In case of shortage or damage, notify the delivering transportation agent at once and file claim promptly. Any delay may cause you a loss. Spenard Builders Supply requires notification of shortages within (7) days of receiving your shipment.

WARRANTY

All General Electric and Whirlpool appliances have a one-year parts and labor warranty. Warranty work will be provided at the nearest factory authorized service center. Spenard Builders Supply is not liable for shipment charges to factory authorized service centers.

Prices in this catalog are current F.O.B. Anchorage at the date of publication. All prices are subject to change without notice. Special price quotations are available on volume shipments. Write or call the Bush Sales Department at Spenard Builders Supply, 4412 Lois Drive, Anchorage, AK 99517. Phone 907-563-3141, Ext. 313 or 1-800-844-9313. Fax 261-9206.

PLEASE ALLOW 4-5 DAYS FOR ORDER PROCESSING. CATALOG PRICING IS FOB ANCHORAGE

IMPORTANT NOTICE TO OUR CUSTOMERS

Our number one priority is the safety and well-being our employees, customers and communities. Disruptions in manufacturing, distribution and/or shipping related to the Coronavirus Disease (COVID-19) Outbreak may delay the timely delivery of your order. If you have any questions or concerns please contact us at 1.800.844.9313 or catalogsales@sbsalaska.com.

Lumber Notice to Customers

Boards, Lumber, Timbers, Wood Structural Panels and other building materials are commonly referenced using a nominal description that differs from the actual dimensions of the product.

The actual dimensions of Boards, Lumber and Timbers are always less than the associated nominal dimensions or call sizes. **See tables below** for examples of common Boards, Lumber and Timbers.

	al Dir Call S	nension Size			ual Tii mens	mber ion
1 in	Х	2 in	=	3/4 in	Х	1-1/2 in

8 in	Χ	12 in	=	7-1/4 in	Х	11-1/4 in

Wood Structural Panels (Plywood and OSB)

The actual dimensions of Wood Structural Panels are commonly less than the nominal dimension or call sizes. The associated thickness identified on each panel's grade stamp may also be different than the actual thickness. For example, 15/32in, 19/32in and 23/32in Wood Structural Panels may be commonly referred to as 1/2in, 5/8in and 3/4in, respectively. See table below for examples of common Wood Structural Panels:

Grade	ıp Nomina	ension	Actual Average Wood Structural Panel Dimension							
3/8 in	Χ	4 ft	Χ	8 ft	=	11/32 in	Χ	3.98 ft	Х	7.98 ft
7/16 in	Χ	4 ft	Х	8 ft	=	13/32 in	Х	3.98 ft	Χ	7.98 ft
15/32 in	Х	4 ft	Χ	8 ft	=	7/16 in	Х	3.98 ft	Х	7.98 ft
1/2 in	Χ	4 ft	Χ	8 ft	=	15/32 in	Χ	3.98 ft	Х	7.98 ft
19/32 in	Χ	4 ft	Х	8 ft	=	9/16 in	Х	3.98 ft	Χ	7.98 ft
5/8 in	Х	4 ft	Χ	8 ft	=	19/32 in	Х	3.98 ft	Х	7.98 ft
23/32 in	Χ	4 ft	Χ	8 ft	=	11/16 in	Χ	3.98 ft	Х	7.98 ft
3/4 in	Χ	4 ft	Χ	8 ft	=	23/32 in	Х	3.98 ft	Х	7.98 ft

Other Building Materials

Manufactured building products also commonly use nominal dimensions, call sizes, weights or other identifiers that differ from their actual dimensions. In many instances the actual dimensions of manufactured building products are less than the nominal dimensions, call sizes, weights or other identifiers used to describe them.

The actual dimensions and other characteristics of manufactured building products may be found in manufacturers' literature, catalogs and/or installation instructions, as applicable. Literature identifying the actual dimensions and other characteristics of manufactured building products may be requested from the manufacturer.

For additional information related to construction material dimensions and other characteristics we encourage you to review the following documents and publications:

- United States Department of Commerce Voluntary Product Standards PS 1, PS 2 and PS 20
- American Wood Council's National Design Specifications for Wood Construction Supplement Design Values for WoodConstruction
- APA The Engineered Wood Association PRP-108 Performance Standards and Qualification Policy for Structural-UsePanels

Additionally, we encourage you to consult with an appropriately licensed Design Professional (Registered Architect or Professional Engineer) and Licensed General Contractor familiar with applicable Codes, standards and wood construction design for further advice and direction on selecting materials best suited for your project.

ORDER INFORMATION

C.O.D. ORDERS

Accepted for Priority Mail shipment only—up to 600 in "combined" value material and postage cost.

TAXES

All orders that originate or/are delivered within taxable jurisdiction(s) will be assessed applicable sales tax prior to shipment. Exempt purchases require a valid sales taxexempt card(s) and must be presented at time of order.

CRATING CHARGES

Crating pricing is dependent upon the size, weight and dimensions. Doors, windows, vanities, sinks and other items require crating in order to avoid damage during shipments.

HAZMAT PROCESSING FEE \$30

Hazardous Materials Handling charge due to government restrictions on transportation of materials designated as flammable and corrosive.

PLEASE NOTE:

Notice 123 - Rates effective January 9, 2022. Postal Rates are subject to change. Call 1.800.844.9313 for any questions.

*NOTE:

- 1. Parcels that exceed one cubic foot (1,728 cubic inches) are charged based on the actual weight or the dimensional weight, whichever is greater (as calculated in DMM 123.1.3).
- 2. Parcels that exceed 22 inches but not greater than 30 inches in length, add \$4.00.
- 3. Parcels that exceed 30 inches in length, add \$15.00.
- 4. Parcels that exceed 2 cubic feet (3456 cubic inches), add \$25.00.

NEW! Cabin Kits at SBS

Caribou Cabins...Customize, build & enjoy!

Flexible Caribou Cabin!

Starting at 12'x16' with OSB panels you choose how big or small to build. Substitute window, door, or wall panels to suit your personal design.

The Caribou Cabin is customizable with a variety of panel options. The panels are 4' wide, so you can enlarge the building to fit your needs with these panels:

- Field Panel- Solid faced panel
- Door Panel-Cut out for a 3'0" exterior door
- Window Panel-Openings cut to fit various windows sizes based on your needs
- Corner Panels-Left and right panels
- All panels are available with your choice of T1-11 or OSB siding

Cabin Kit Package | 12' X 16' Caribou

Portable! Most components weigh less 130 lbs. The 16'x20' kit pieces can be transported without heavy equipment

Image shown is not the basic package and includes custom add-ons. Siding is an additional cost and is not standard.

Call for pricing!

Cabin Kit Package | 16' X 20' Caribou

FIG 4

EZ Builder Greenhouse Kits

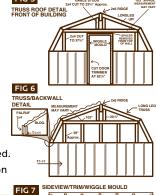

Add value to your home and enjoy your Alaskan summers!

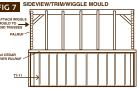

- The SBS greenhouse kit is not totally precut. Trusses and studs are precut. Some other cutting is required.
- This kit does not have a floor. A floor kit is available as an option. If this greenhouse is to be set directly on the ground we recommend that treated 4 x 4's be placed below the bottom plate to protect against rot.

LP proudly offers a complete line of products to help you manufacture better outdoor structures with outstanding durability, value, beauty and flexibility!

ColorStrand

ColorStrand combines Northwest Factory Finishes' Proprietary processes with innovative equipment and specially-formulated PPG DURACOLOR machine applied finish. The result is a beautiful and extremely durable finish with exceptional consistency and a 30 year limited coating warranty. Northwest Factory Finishes is recognized by LP Corp. as a preferred prefinisher.

ColorStrand Deep Grain Collection employs a specialized two tone coating process that enhances the authentic cedar texture of LP SmartSide with depth and character. There are several unique colors available in stock on both LP SmartSide Lap siding and Great Random Shakes. Shakes are a full shade darker than the corresponding lap so that they provide an additional accent when paired together. This coating process cannot be reproduced by an onsite painter promising to make your home distinct.

Contact your local SBS for availability in your market.

LP SmartSide Warranty

- 5-year, 100% labor and replacement feature*
- · 50-year prorated, limited warranty on substrate*

see www.lpcorp.com for full warranty details

Permanent Wood Foundation (PWF) System is a treated plywood and lumber foundation that installs in any weather. Builders have discovered advantages to include: savings in scheduling; installation by carpentry crews; reduction in material costs, especially where concrete is at a premium, and easy to insulate and finish as a conventional frame wall. The PWF system is all about quality, strength, ease of installation and comfort.

Mono Truss or Half Truss

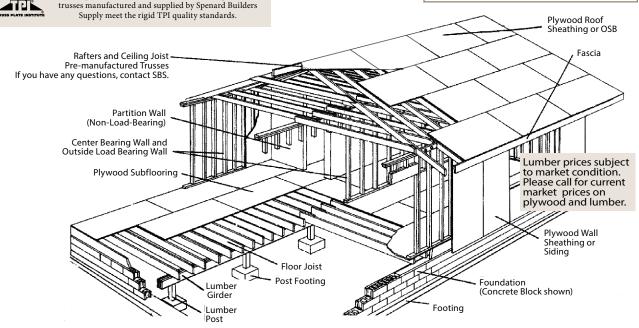

Flat Truss

SBS manufactures two types of support trusses, roof and floor. We offer professional engineering and unlimited design configurations in both products. Our most popular roof truss is the Howe Truss, which is made with a center king post, giving it superior strength and straightness in the top and bottom cords.

Monogram® Vinyl Siding

Monogram™ provides the look of wood siding, but does not require the upkeep common to wood. Monogram siding is manufactured with TrueTexture™ rough cedar finish molded directly from real cedar boards. Available in a selection of profiles, Monogram offers the industry's widest selection of colors. It is appropriate for use in new construction for single family homes, multi-housing projects and light commercial developments. Monogram is also an ideal product for remodeling

- STUDfinder™: The patented STUDfinder Installation System combines precisely engineered nail slot locations with graphics. Nail slots are positioned 16" on center to allow for alignment with studs. STUDfinder graphics centered at each slot provide a quick and easy guide to help locate studs.
- RigidForm™: Monogram RigidForm 220 technology has a stiff, double-thick .092" nail hem for a straighter-on-the-wall appearance and wind load performance.

Pricing

Silicone will withstand areas of ponding water without softening, bubbling or peeling from the substrate. Acrylic, urethane and asphalt roof coatings decompose and wear away from the stress of harsh sunlight, UV rays, and freeze-thaw cycles.

Silicone's unique chemistry creates a coating that will not degrade under ultraviolet light or from weather conditions. Silicone is an inert material, and does not decompose. As acrylic and urethane coatings age, they become dirty and stained from exposure to blowing debris, dust and dirt. The coatings require recoating to maintain a clean appearance. The smooth surface of GacoRoof silicone roof coating offers excellent resistance to mold, mildew and staining and does not require recoating. GacoRoof's reflective white surface resists ozone and UV rays.

Pricing Notice

Because a typical kitchen countertop must withstand a range of abuses from vegetable chopping to plant potting yet remain smooth and sanitary with the wipe of a sponge, different work centers may call for unique surfaces. Consider the alternatives, then tailor each countertop to its specific purposes.

There are several ways to purchase countertops, depending on the material and your budget. Some laminates are available prefabricated in standard sizes; however most countertops are built to specifications.

Your countertop will be made at our countertop manufacturing facility by experienced professionals. Pick the style right for you! For kitchen, vanity or bar - in dozens of popular color options.

Countertop Colors (Subject to manufacturer's updates)

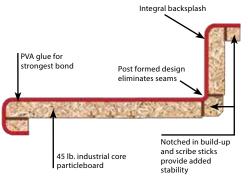

Colors available for kitchen and bath vanity.

V CenterPointe

Butcher block Countertops

Hevea and Acacia woods are harvested sustainably, resulting in less waste and reduced emission of greenhouse gases.

You can feel good about bringing the beauty and warmth of VT CenterPointe into your home.

We carry 25'' width in lengths of 50'', 98'', and 122'', in addition to bar width of $39'' \times 74''$ and 4'' splash.

PLUMBING/HEATING

Toyostove Kerosene Heaters Are Clean, Safe and Thermostat Controlled

A Laser Heater provides all the comfort and convenience of a central heating in one small, efficient unit at a fraction of the cost. It is also ideal for heating summer homes, hunting cabins, and is certified for installation in mobile homes and manufactured housing. The Laser heater combines the most advanced technology with the economy of kerosene heating. It features a simplified digital control panel that displays room temperature, temperature settings, time, and error codes. The unit is especially safe for children and pets as its cabinet is cool to the touch. All units feature a safety

shut-off system. You can easily install a Laser heater in just an hour or two. The helpful owner's manual provides complete, step-bystep instructions. Several installation options are available. All units are U.L. approved for #1 fuel oil.

Fuel Tank Filter

- Removes water from gasoline and diesel fuel
- Water absorbing polymers trap water and restrict fuel flow which is your signal to replace element

Replacement Filter

#496-5 (DL496-5) 0.4 lb. 19.99

Toyo lift kit

- Great for second-story installations
- For indoor installation only; electrical components are not waterproof
- Must be installed in accordance with National Fire Protection Association Code NFPA 31
- Compatible with all Toyotomi products

#OPT-101 (TOYO20477600) 8 lbs. 459.99

Weil-McLain Boilers

Spenard Builders Supply is now selling the WGO series of Weil-McLain boilers. Weil-McLain® oil-fired boilers are among the most reliable and energyefficient residential oil boilers on the market.

- Quick open top and swing-away burner door with full chamber access increases visibility for inspection and servicing
- Two Flue outlets rear and tope for complete venting flexibility
- Dedicated water-only boiloer with cast iron section - no tankless heater or cover plate
- Recessed target wall design protects nit from flue brushes
- · Includes factory-wired circulator, service switch and Weil-McLain exclusive captured elastomer seals for added reliability
- 850 lbs. Crated Weight

Pricing Notice

There's a PEX Fitting System For Every Plumbing Job...Production, Prefabrication or No-Flame Repair PEX Crosslinked Polyethylene Tubing

PEX tubing's versatility makes it perfect for many residential, commercial and industrial applications. It not only meets ASTM standards, but goes well beyond these requirements. PEX will handle all normal temperatures and pressures for residential potable water systems and radiant floor heating applications. PEX tubing stays flexible at all temperatures. It is easy to install year round. PEX tubing is practically inert. Nothing sticks to it. This means PEX resists mineral buildup, rust,

corrosion, and electrolysis. PEX piping can be connected to galvanized, copper, polybutylene and CPVC systems with standard Sharkbite fittings. Here are just a few of the advantages offered by PEX tubing:

Trouble-Free PEX Tubing

- Flexible
- Corrosion resistant
- No electrolysis
- Freeze damage resistant

Crimp and Thread Connections

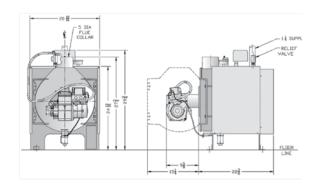

- No exotic parts to fail
- · No solvents, bonding agents or "glues" used
- No flame, no solder, flux or gas used
- · More positive connections, quicker, easier

Pressure Vessel, Reversible cast iron swing door, cast iron reversing chamber, deluxe insulated jacket, supply dip tube, pressure relief valve, pressure/temperature gauge, Beckett AFII burner, Taco 007 1-1/4" circulator with gaskets, flanges and fasteners, R7184A Cad cell relay with Pre and Post Purge, L8148A combination high limit, vent terminal, boiler vent connector, oil nozzle line heater, intake vacuum breaker, intake terminal, vent pipe sealant.

Oil-Fired Hot Water Home Heating

Uncompromising comfort is what you and your family can expect when your heating contractor installs a Burnham Hydronics LE™ (Low Energy) Series boiler. Offered in two models, direct vent and chimney vented (natural draft), the oil-fired LE and LEDV Series boilers are available in multiple sizes for practically any home. Both venting options are available in three capacities with annual fuel efficiency rating up to 86.7%.

Features:

- High efficiency with annual fuel efficiencies of up to 86%
- · No chimney needed!
- A complete home heating system
- Flexible installation options
- Long lasting performance
- Efficient AND economical

PLUMBING/HEATING

SBS has everything you need for new and old sink replacement.

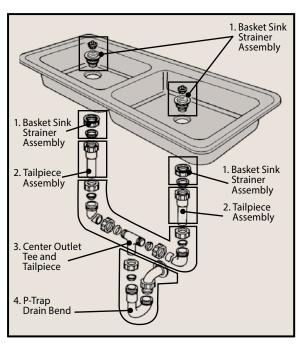

These helpful diagrams identify the parts involved in sink replacement.

- Measure the sink now in place. Note how many holes it has for faucets and hose sprayers as well as the distance these holes are apart. Example: If your kitchen faucet is a two-handle unit, the holes for the hot and cold are normally 8 inches apart.
- Remove the trap assembly from the old sink by turning the top slip nut at the trap and tailpiece connection. If a garbage disposer is involved, turn off the power at the main electrical service entrance. Disconnect the power wires to the disposer and then unscrew the bolts that hold the disposer to the sink drain.
- Turn off the water either at the supply stop valves at the bottom of the sink or at the main water service entrance.
- 4. Disconnect the water supply at the faucets. Remove bracket hardware from underneath the countertop if needed. Lift the sink out of the countertop hole.
- Clean the countertop and set the new sink into position in plumber's putty. You may be able to connect the faucet assembly and the drain basket and tailpiece before you set the sink into the countertop.
- 6. If the sink is held by brackets, install them at this point.
- Connect the faucet to the water supply pipes. Install the disposer to the sink
 drain opening with a bolted flange. Reconnect the wires and attach the unit
 to the trap. If there is no disposer, attach the tailpiece of the sink drain to the
 trap assembly.
- 8. Use plumber's putty to bed sink drains it is recommended that you use stainless steel putty if the sink is stainless steel, to avoid spotting and damaging the surface.
