

# CARIBOU CABINS

**FEATURES INCLUDE:** Modular Wall Panel System  
Standard & Custom Options | Easy to Ship - Easy to Build

**BEST  
SELLER**

*Images shown is not the basic package.*

## Starts with the 12'x16' basic package and add-on from there!

### Flexible Design!

The Caribou Cabin package includes floor joists, trusses, prebuilt wall panels, windows and doors. The Caribou Cabin basic shell package starts at 12'x16'. Utilizing the 4' modular panels you can extend the size of your cabin in 4' increments. It allows you to decide how big or small to build, to fit your needs.

Field Panels are solid faced and corner panels come in left and right sections. All panels are available with your choice of T1-11 or OSB siding.

### Portable Design

Most components weigh less 100 lbs. and can be handled easily by two people. SBS offers delivery options, to help you get closer to building your dream cabin.

### How to Build:

SBS offers step by step directions on "How to Build". You can ask your sales rep. for a print out or find it on You Tube. Some carpentry ability is required.

### Cabin Shell Includes:

- 2 x 6 construction with 16" O.C. studs
- Pier blocks
- Floor beams
- BCI joists
- Flooring plywood
